

ASGARD INDUSTRIAL SYSTEMS LTD.

econosto[®]
Expect more

Econosto UK Ltd has supplied valves to industries across the UK, Europe and the rest of the world for over 25 years.

Econosto UK Ltd serves a full range of markets across the globe which include the oil and gas industries, processing, marine, energy, pharmaceuticals, water and waste among others.

Ball Valves

Econosto UK supplies ball valves for all uses ranging from brass valves for use with water to flanged stainless steel for use with corrosive media. Modified or special valves can be supplied on request.

Gate, Globe & Check Valves

Econ[®]
Gate Valve
Suitable for aggressive media

Econ[®]
Globe Valve

Econosto UK's range of gate, globe and check valves are typically suitable for critical process applications. Manufactured from a variety of materials making them suitable for all types of media, they can be modified to customer's requirements.

ASGARD INDUSTRIAL SYSTEMS LTD.

Butterfly Valves

These valves can be used for many applications either as open/close or simple regulating valves. A useful characteristic of butterfly valves is the availability of different lining materials which allows for uses ranging from non-aggressive media such as water or air through to chemicals and corrosive media.

Knife Gate Valves

Knife gate valves have widely been used in pulp or paper industry applications and for handling slurries but are also used in the offshore sector and are suitable for a wide range of wet or dry media.

Marine Products

Econosto has established itself as a key supplier of marine valves across the UK and Europe and offers a range of products second to none.

Non Valve Products

Other products supplied include:

- Plug & gland cocks
- Sight glasses
- Level and pressure gauges
- Thermometers
- Other instrumentation
- Strainers
- Gaskets & seals
